POPIA Compliance & Data Protection

ISOGuardian is committed to protecting your personal information in accordance with the Protection of Personal Information Act (POPIA), 2013.

Information We Collect

- Account Information:** Name, email, company name, role
- Compliance Data:** Documents, NCRs, audit records, compliance scores
- Usage Data:** Login times, feature usage (for service improvement)

How We Protect Your Data

256-bit Encryption

All data transmitted and stored is encrypted using industry-standard AES-256 encryption.

Multi-Tenant Isolation

Your company's data is completely isolated. Other companies cannot access your information.

Secure Data Centres

Data hosted in EU (London) on Supabase infrastructure with SOC 2 Type II certification.

Role-Based Access Control

Only authorised users within your company can access specific data based on their role.

Your Rights Under POPIA

- Right to Access: Request a copy of all your data
- Right to Correction: Update incorrect information
- Right to Deletion: Request permanent deletion of your data
- Right to Data Portability: Export your data in machine-readable format
- Right to Object: Object to processing of your personal information

Data Retention

- Active accounts: Duration of subscription + 30 days
- Compliance records: As required by ISO standards (typically 3 years)
- After account closure: 30 days grace period, then permanent deletion

Third-Party Services

Supabase (Database & Auth): EU servers, SOC 2 certified

Vercel (Hosting): Global CDN, ISO 27001 certified

We do not sell, rent, or share your data with third parties for marketing purposes.

Contact Information Officer
